

The Second City History

The Second City has been bringing the funny for over 50 years, but here's the short version: we began as a small comedy theater and have grown to become today's leading brand in improv-based sketch comedy. Plus, we have more than a handful of successful Second City alumni who we aren't too modest to mention, like Bill Murray, Stephen Colbert and Tina Fey.

Theatre History

UP Comedy Club boasts state-of-the-art audiovisual capabilities with seating for 285 people. This cabaret-style venue is dedicated to presenting an array of comedic performances including stand-up, sketch and improv. So no matter what you choose, it's sure to be smart, funny and provocative.
