

## **Where to stay? Summer Camp 2017**

So you want to come to camp but you live out of town, eh? Then you've found the right document!

Chicago offers hundreds of lodging options to choose from--hotels, hostels, bed & breakfasts, Airbnb locations, dorms, and more! You can always find lodging in Chicago by doing a basic Internet search, and of course considering recommendations from friends and family.

We have a few local lodging options that we recommend to our students that are listed below, some of which have a special rate for Second City students. While we recommend these options as a courtesy to our students, The Second City Training Center is not affiliated with these businesses, and you must contact them directly for information and reservations. Please note that this is an abbreviated document geared towards **summer campers & their families**. A slightly more extensive version of this document, geared more towards adult students, can be found here: [Where to Stay](#).

Please feel free to reach out if you have any questions or concerns about camp! You can reach the Training Center staff at 312-664-3959 or [comedycamps@secondcity.com](mailto:comedycamps@secondcity.com)

Happy Lodging!
